

OFFICE OF THE MAYOR
CITY OF CHICAGO

LORI E. LIGHTFOOT
MAYOR

September 12, 2019

Dear Friends:

As Mayor, and on behalf of the City of Chicago, I am honored to welcome all those gathered for the Annual Scientific Session of the American Society of Nuclear Cardiology.

The American Society of Nuclear Cardiology (ASNC) was founded in 1993 by a group of nuclear cardiologist specialists who saw the need for a professional society dedicated to supporting the needs of those in the specialty. Since its inception, ASNC has grown to over 4,000 members across the world composed of cardiologists, radiologists, physicians, scientist, technologists, imaging specialists, and others in the field of nuclear cardiology. ASNC remains committed to the mission of providing professional education, establishing standards and guidelines for training and practice, advocating for cardiovascular imaging, and supporting members with the goal of moving nuclear cardiology forward.

This year's session will bring over a thousand physicians, scientists, technologists, and nurses in the field of nuclear cardiology together to network, learn, and inspire. With a full schedule of keynote speakers, PET Lab Tours, Walk & Learn Tours, exhibits, workshops, and networking events, attendees will have the opportunity to participate in a real-world, collaborative education focusing on innovative and quality imaging for optimal patient care. I commend the American Society of Nuclear Cardiology for their continued work in moving the field forward and bringing the best possible care to patients.

I hope that during your stay in Chicago you take the time to see all the City has to offer. Vibrant neighborhoods, an iconic skyline, and an incredible lakefront invites you to explore Chicago. I hope you have a chance to explore The 606 Trail and historic South Shore Cultural Center, tour the vibrant neighborhoods across our city, sample our diverse cuisine, tour our distinguished universities, and visit our world-class museums during your stay.

I hope your event is memorable and enjoyable. Best wishes for continued success.

Sincerely,

A handwritten signature in blue ink that reads "Lori E. Lightfoot".

Mayor
