

Schedule at a Glance

Please use the color bar below to identify ASNC2026 tracks and correlating sessions.

Times in PT	AI, Technology, and Tracers	Amyloidosis and Heart Failure	Business and Lab Management	Career and Professional Development	Hands-on	Industry	Imaging Techniques and Standards	Infection and Inflammation (includes Sarcoidosis)	Myocardial Ischemia and Atherosclerosis
-------------	-----------------------------	-------------------------------	-----------------------------	-------------------------------------	----------	----------	----------------------------------	---	---

Wednesday, Sept 16, 2026									
12:00pm - 6:00pm	Registration								
2:00pm - 5:30pm	Future Leaders: The Next Generation of Nuclear Cardiology <i>(Invitation only)</i>								
2:30pm - 5:30pm	Pre-conference Symposium: Mastering F-18 Myocardial Perfusion Imaging Protocols and Interpretation <i>(Additional registration fee)</i>								
5:30pm - 6:15pm	Rapid-Fire Cases: Amyloidosis and Heart Failure								
5:30pm - 7:00pm	ASNC2026 Opening Reception - Expo Hall								

Thursday, Sept 17, 2026					
7:00am - 8:15am	Breakfast Symposium <i>Sponsored by Pfizer</i>				
8:15am - 8:30am	Break				
8:30am - 10:00am	Plenary: Mario Verani Memorial Lecture, Presidential Addresses, and ASNC Award Presentations				
10:00am - 11:00am	Visit the Expo Hall	Oral Abstracts: Amyloidosis and Heart Failure; Myocardial Ischemia and Atherosclerosis; and Technology, Tracers, Instrumentation, and Software	Rapid-Fires Cases: Myocardial Ischemia and Atherosclerosis	Mentor Meet-Ups <i>(Advanced sign-up required)</i>	Lightning Round Cases: Infection and Inflammation <i>(includes Sarcoidosis)</i>
11:00am - 11:45am	Exhibitor Presentation <i>Sponsored by GE HealthCare</i>				
11:00am - 12:00pm	Amyloidosis Center of Excellence and Multispecialty Involvement <i>In cooperation with the International Society of Amyloidosis</i>	The Evolving Role of the Advanced Imaging Reader	Cases with the Aces – Hidden in (Planar) Sight	Diagnosis and Treatment of Cardiac Sarcoidosis: Current and Future of Complex Disease <i>In cooperation with the Heart Rhythm Society</i>	Hands-on: Amyloid Imaging (SPECT) + Sarcoid Imaging (PET) - Cedars-Sinai Software
12:00pm - 12:15pm	Break				
12:15pm - 1:15pm	Lunch and Learn <i>Sponsored by Bracco Diagnostics</i>				
1:15pm - 1:30pm	Break				
1:30pm - 2:30pm	Back to Basics: Imaging and Non-imaging Stress Testing	Late-Breaking Clinical Science	Charting Your Course: Jobs, Research, and Leadership in Nuclear Cardiology	Cases with the Aces: Challenging Cases with FDG-PET in Cardiac Inflammation	Hands-on: Myocardial Blood Flow & Perfusion Imaging (PET) with F-18 - INVIA Software
2:30pm - 2:45pm	Break				

Schedule at a Glance

Please use the color bar below to identify ASNC2026 tracks and correlating sessions.

Times in PT	AI, Technology, and Tracers	Amyloidosis and Heart Failure	Business and Lab Management	Career and Professional Development	Hands-on	Industry	Imaging Techniques and Standards	Infection and Inflammation (includes Sarcoidosis)	Myocardial Ischemia and Atherosclerosis
2:45pm - 3:45pm	Translating AI Into Clinical Practice <i>In cooperation with the Society of Nuclear Medicine and Molecular Imaging</i>	Best of JNC			Team-Based Care and the Nuclear Cardiology Patient Journey	Cases with the Aces: Optimizing Imaging for Challenging PET Cases	Hands-on: Myocardial Blood Flow Imaging (PET & SPECT) - Cedars-Sinai Software		
3:45pm - 4:45pm	Visit the Expo Hall	Oral Abstracts: Amyloidosis and Heart Failure; Myocardial Ischemia and Atherosclerosis; and Technology, Tracers, Instrumentation, Software			Rapid-Fire Cases: Infection and Inflammation (includes Sarcoidosis) and Technology, Tracers, Instrumentation, Software	Mentor Meet-Ups <i>(Advanced sign-up required)</i>	Lightning Round Cases: Myocardial Ischemia and Atherosclerosis and Technology, Tracers, Instrumentation, Software		
4:45pm - 5:30pm	Next-Generation Technology in Nuclear Cardiology		Myocardial Blood Flow and Flow Reserve – From Concept to Console		Cases with Aces SPECT Myocardial Perfusion - Challenging Cases from Around the Globe!				
4:45pm - 5:45pm	Hands-on: Myocardial Blood Flow & Perfusion Imaging (PET) with F-18 and Rubidium - Emory Toolbox Software								
5:30pm - 6:30pm	Women in Nuclear (WIN) Cardiology Reception <i>Sponsored by Alnylam</i>								

Friday, Sept 18, 2026						
7:00am - 8:15am	CME Breakfast Symposium: Current and Emerging Diagnostic and Therapeutic Options for Transthyretin Amyloid Cardiomyopathy					
8:15am - 8:30am	Break					
8:30am - 10:00am	ASNC Awards & Plenary: Imaging the Cardiovascular-Kidney-Metabolic (CKM) Continuum: The Expanding Role of Nuclear Cardiology					
9:00am - 10:00am	Hands-on: Myocardial Blood Flow Imaging (PET & SPECT) - Cedars-Sinai Software					
10:00am - 11:00am	Visit the Expo Hall	Oral Abstracts: Amyloidosis and Heart Failure; Myocardial Ischemia and Atherosclerosis; and Technology, Tracers, Instrumentation, Software		Rapid-Fire Cases: Cases: Infection and Inflammation <i>(includes Sarcoidosis)</i>	Mentor Meet-Ups <i>(Advanced sign-up required)</i>	Lightning Round Cases: Myocardial Ischemia and Atherosclerosis
11:00am - 12:00pm	The Pipeline of Cardiac PET Tracers		Cardiac FDG-PET Imaging: Not All That Glitters is Inflammation	Cases with Aces: Multimodality Approach to Ischemic Non-Atherosclerotic Coronary Artery Disease		Hands-on: Amyloid Imaging (SPECT) + Sarcoid Imaging (PET) -INVIA Software
11:00am - 12:15pm	Barry L. Zaret Young Investigator Awards Competition					
12:00pm - 12:15pm	Break					
12:15pm - 1:15pm	Lunch and Learn <i>Sponsored by GE HealthCare</i>					
1:30pm-2:15pm	Exhibitor Presentation <i>Sponsored by AstraZeneca</i>					

Schedule at a Glance

Please use the color bar below to identify ASNC2026 tracks and correlating sessions.

Times in PT	AI, Technology, and Tracers	Amyloidosis and Heart Failure	Business and Lab Management	Career and Professional Development	Hands-on	Industry	Imaging Techniques and Standards	Infection and Inflammation (includes Sarcoidosis)	Myocardial Ischemia and Atherosclerosis
1:30pm - 2:30pm	Myocardial Viability: Evidence, Controversies and an Imaging Showdown <i>In cooperation with the European Association of Cardiovascular Imaging and the Society for Cardiovascular Angiography & Interventions</i>		Billing, Compliance, and the Future of Nuclear Cardiology Reimbursement		Cases with Aces: Complex Cases with FDG-PET in Cardiovascular Infections	Getting It Right at the Table - Technologist Strategies for High-Quality Cardiac SPECT & PET			Hands-on: Myocardial Blood Flow Imaging (PET) - INVIA Software
2:30pm - 2:45pm	Break								
2:45pm - 3:45pm	Cases Over Cocktails and Mocktails	Oral Abstracts: Amyloidosis and Heart Failure; Infection and Inflammation (includes Sarcoidosis); and Myocardial Ischemia and Atherosclerosis			Rapid-Fire Cases: Myocardial Ischemia and Atherosclerosis and Amyloidosis and Heart Failure	Mentor Meet-Ups <i>(Advanced sign-up required)</i>		Lightning Round Cases: Amyloidosis and Heart Failure	
3:45pm - 4:45pm	Plenary: Keynote				Hands-on: Myocardial Blood Flow & Perfusion Imaging (PET) with F-18 - Cedars-Sinai Software				
4:45pm - 6:00pm	All-ASNC Party								

Saturday, Sept 19, 2026		
7:00am - 8:15am	Breakfast Symposium <i>Sponsored by Alnylam</i>	
8:15am - 8:30am	Break	
8:30am - 8:45am	ASNC Awards & Plenary: Nuclear Cardiology in Nonischemic Cardiomyopathies <i>In cooperation with the Society for Cardiovascular Magnetic Resonance</i>	
10:00am - 10:15am	Coffee Break	
10:15am - 11:15am	Challenges in Reading FDG-PET in Cardiovascular Infections <i>In cooperation with the European Association of Nuclear Medicine and the Infectious Diseases Society of America</i>	
11:15am - 11:30am	Break	
11:30am - 12:30pm	When to Revascularize: Plaque, Ischemia, Flow and Beyond <i>In cooperation with the Society for Cardiovascular Angiography & Interventions and the Society of Cardiovascular Computed Tomography</i>	

Saturday, Sept 26 , 2026 (Times in ET) Imaging Techniques and Standards (Virtual Only)		
9:00am - 10:00am	CT in Nuclear Cardiology: Attenuation Correction, Mapping, and Calcium Scoring	
10:00am - 11:00am	Beyond Perfusion - PET/SPECT/CT for Infection, Sarcoid, and Amyloid Imaging	
11:00am - 11:10am	Break	
11:10am - 12:10pm	Optimizing Cardiac SPECT MPI - From Stress Performance to Findings That Change Management
